## NAMIBIA

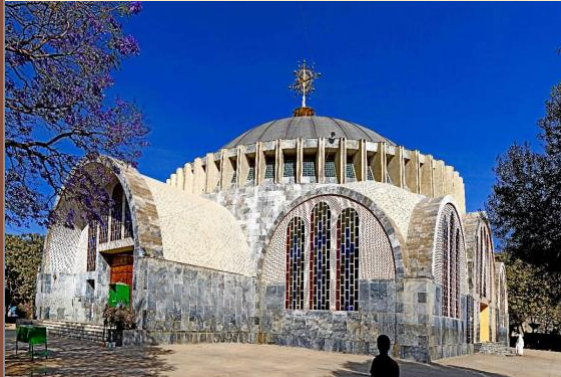

Intrepid traveler and long-time Camera Club member Tom Getz will present a digital slide show featuring the southwestern African country of Namibia, including images of the famous sand dunes in the Namib Desert, believed to be the highest sand dunes in the world.

After views of Namibia's capital, Windhoek, with people, parks, the national museum and nearby birds, we travel south on a nature camping trip to the Orange River border with South Africa.

Short stops will be made to see the famous Quiver trees, the Fish Canyon scenery, and the museum at Keetmanshoop. Colorful German Colonial architecture with a Baroque flavor and a diamond mine ghost town will be visited in Lüderitz.

From the sea we will view penguin and flamingo colonies before returning north.

## INTRODUCTION TO ETHIOPIA

**Axum Orthodox Church of St Mary, Ethiopia**

**Dorze Village Beehive House, Ethiopia**  
(c) Tom Getz

## Axum

In this short program, we visit northern Ethiopia, including the ancient city of Axum, famous for the Church of Our Lady, Mary of Zion, an Ethiopian Orthodox Church claimed to contain the Ark of the Covenant.

## Arba minch the Dorze People

We also visit one of Ethiopia's smallest ethnic groups, the Dorze people in the mountainous southern part of Ethiopia. Living in Beehive-shaped huts primarily made from bamboo, the Dorze are known for their traditional weaving and colorful textiles.

This fascinating show will feature parades and Ethiopian Orthodox festivals, plus markets, mosques and churches of Addis Ababa.

*The show will be accompanied by  
ethnic music and Tom's live narration.*
