

THE CAMERA CLUB OF LAGUNA WOODS VILLAGE
SINCE 1966

CCLWV Presents...Via ZOOM:

March 27th Digital Critique - 6:30 pm

Pretty Popping (c) Larry Goodman

Busy Pollinator (c) Louise Stuart

MARCH SPECIAL SUBJECT: MACRO

In Macro photography the subject of the photograph is usually very small in real life or is a very small detail of a larger object. Macro photographs are normally taken from extreme close-up range with the result that the image, as projected onto the sensor, becomes equal to life-size or greater. Any photograph representing an extreme close-up of the subject will be submissible.

LIVE ON ZOOM:

Watch live online as the judge critiques our images. Learn to improve your photography as the judge evaluates composition, exposure, focal points, post-processing techniques and more.

Each Member could enter: 2 Pictorial, 1 Monochrome, 1 Special Subject, 1 Artistic Expression, and 2 Non-Scored Photos.
