THE CAMERA CLUB OF LAGUNA WOODS VILLAGE
SINCE 1966

Have You Ever Wondered...?

- Can I photograph the Milky Way when it's hard to see & there is light pollution?
- How do I focus my camera in the dark of night?
- How do I shoot multiple shots for stacking or blending foregrounds in post?
- What equipment do I need & how do I photograph Star Trails?
- How do I post-process images to enhance the Night Sky features?

In this 3-PART WORKSHOP

PHOTOGRAPHER TED KOELSCH
will answer these questions
& many more!!

PART 1 - Intro to Night Sky Photography

Sept 8, 2023 - 1-3pm

LWV Clubhouse 4 - Photo Lab Classroom

PART 2 - Milky Way Photoshoots

Sept 10-15th

(2 nights will be scheduled subject to weather & astronomical considerations)

Heisler Park, Laguna Beach

PART 3 - Learn to Edit Your Night Sky Photos

Date to Be Determined After Photoshoot

Online ZOOM Lightroom Class

Milky Way-Heisler Park, Laguna Beach

Milky Way-Foreground Fun
(c) Ted Koelsch

Meet Ted Koelsch

Photographer Ted Koelsch has been photographing the night sky for over nine years. Having learned much about the process through professionally lead workshops and many hours of his own trial and error, Ted is enthusiastic about sharing his knowledge and answering your Night Photography questions in this 2-session workshop.
